

**Louisa-Muscatine Community Schools
Computer Checkout Form**

Louisa-Muscatine Schools will be providing voluntary instruction/enrichment through a series of online activities and lessons. We recognize that a number of our families lack the devices necessary for their children to access these lessons online. To meet that need we are offering checkout of Chromebooks for each family in need of a device.

Please indicate below the category that best describes your household.

1. We have sufficient devices for our children to fully participate in the online instruction and enrichment activities, and will not need a device from the school.
2. We have no devices available for our children to participate and would want to check out a device from the school.
3. We have a very limited number of devices in our household which would make it difficult for them to successfully participate in the offerings. We would like to check out one additional unit to help them succeed.
4. Do you currently have internet access?

Louisa-Muscatine Community Schools is providing computing devices for the purpose of delivering online educational material during the Coronavirus pandemic shutdown. By accepting the computing device and signing below the parent/guardian agrees to the following:

- 1) Any damage beyond normal wear and tear on the unit will be the responsibility of the parent/guardian. Costs of repair under these circumstances will be billed to the parent/guardian.
- 2) Louisa-Muscatine Community Schools makes all reasonable efforts to block inappropriate content on these devices. No system is perfect, however. The parent/guardian agrees to provide reasonable oversight of use of this device, and will report to the school any problems with filtration so they can be resolved quickly.
- 3) All policies outlined in the Student Handbook and Board policies will be enforced by the school.
- 4) The device and all accessories will be returned to the school at the end of the emergency closure period.
