

Dear Parents and Students,

COVID#15, 5/18/20

I want to give a big congratulation to our graduating seniors. Sunday would have been their graduation day. Due to the Covid-19 restriction we celebrated them by making Sunday, “pick up your gifts day.” Seniors and families came to L-M for a drive through pick-up of a yard sign, certificates, awards, T-shirt, cup, and candy bouquets. Senior poster portraits were also on display in the front high school windows. A big thank you to all who made this possible while using social distancing, cleaning supplies, and facemasks. Graduation is still planned to be held Sunday, June 28th.

This week is the last week of our voluntary online schooling. Families who checked out computers may bring them to the central office at the end of the week or the beginning of the following week. A reminder to students who are working on credit recovery from first semester and/or earning a passing grade for second semester: work is due this Friday. Students keep working and communicating with your teachers throughout the week.

We still have not heard word on summer athletics, but will keep you posted.

Have a great week and go falcons!
