

Parents and family,

COVID#16, May 25, 2020

I trust everyone has had a nice Memorial Day weekend. Last Friday was the official last day of school for the 2019-20 school year. It was a year like no other. We are now beginning to plan on how school will look this fall. I will continue to communicate with you through school messenger, email, and Facebook.

We will not be providing a school lunch pick-up this week. We have a survey on our website titled "Summer Lunch Program Survey" to determine if there is interest for a weekly lunch packet during the month of June. Please take the time to complete the survey and I will let you know next Sunday on how we will proceed.

Governor Reynolds has opened high school softball and baseball. Practice can start on June 1st and games may begin on Jun 15th. More information for fans will be coming.

2020 Graduation is scheduled for Sunday June 28th.

I will be reminding you of immunizations needed for the 2020-2021 school year on occasion. Parents of incoming kindergarten students will be provided information and forms on medical needs in a Round-Up packet mailed out next week. A summary of needed vaccines is given below.

***Up to date Vaccine Certificate due by the first day of school. IDPH will not be allowing a grace period for this requirement. If not submitted by the first day of school the student will be sent home and not allowed to attend until this is submitted.**

***Certificate of Dental Screening completed by a dental provider or medical provider**

***Vision Screening Certificate completed by an eye care professional or medical provider**

*** Reported blood lead level**

Have a great summer and Go Falcons,
Mike Van Sickle
Louisa-Muscatine Superintendent
